Bright Start Learning Center, LLC

AUTHORIZATION TO ADMINISTER MEDICATION

Minimum Standards for Licensed Child Day Centers require that prescription and non-prescription medicine (including vitamins and pain reliever) be administered to a child only with the parent's or guardian's written consent. If a medicine is administered longer than 10 business days, the Center regulation requires written authorization from the child's physician and his or her parent or guardian. If authorization by the child's physician is not obtained, the written authorization from the parent or guardian must be renewed every 10 business days.

The following authorization can be effective for up to 10 business days.

Child's Name _____

Bright Start Learning Center has my permission to administer the following medication to my child:

Medicine Name and/or Prescription Number: _____

Dosage and Times to be given: _____ We are not able to accept authorization on an "as needed" basis. Precise times or intervals must be specified.

Special Instructions (if any):
_____

_____

This authorization is effective until: _____ (not to exceed 10 business days)

Parent's or Guardian's Signature: _____ **Date:** _____

Medication was administered at the following dates and times:

Date	Time	Amount Given	Adverse Reactions (if any)	Errors (if any)	Signature of Person Administering Medication
